

Studio 6

NEW - Comprised of previous studios 8F&C

With 2000 square feet of space, Studio 6 is our largest studio. Designed to comfortably handle large advertising and editorial jobs, Studio 6 is perfect for still life, beauty, celebrity portrait, and fashion shoots. It's large open shooting space is very flexible, while the client area provides plenty of room for your clients to meet or relax. There's a production desk as well.

It has seven windows overlooking Broadway and is located on the 8th floor. With a western exposure, it receives direct sunlight in the afternoon. It's a bright studio, however it is not a true daylight studio and may be less than adequate if you intend to shoot with only natural light.

Our new flat rate packages include 3 billing options. Choose the one which best suits your needs.

Option A \$ 3500.

Full Digital Capture Package

- Studio Rental: 8:30 am - 5:30 pm.
(You are always welcome to stay as long as you prefer, however overtime charges apply after 5:30 pm.)
- Camera: Hasselblad H system, Sinar P2 system, or Canon 1ds Mark III camera system. Choice of lenses and accessories. Phase One P45+ or Leaf Aptus 75 digital back.
- Digital Technician: An experienced digital technician in your studio for the day. Includes processing of raw files and transfer to hard drive or disks.
- Digital Capture Station: Mac Pro Tower, 2 Eizo Color Edge CG210 Monitors, Printer, APC battery back-up, connection to our RAID.
- Lighting and Grip: A studio full of lighting and grip equipment as well as unlimited access to our well stocked equipment room.
